

OPENING AN EXISTING FAMILY PROFILE

REENROLL IN 4-H

If you have already been enrolled in 4-H, you already have a 4-H online family profile. You can access your account by following the directions below.

1. Go to <http://v2.4honline.com>
2. Enter your email address (login) and password, then click "Sign In" to open your account

Note: If you do not remember the password associated with your family profile, you can use the "Reset password" function at the bottom of the screen. A temporary password and instructions will be sent to the email address associated with your family account.

If you do not remember the email associated with your family profile, contact your local 4-H office. The 4-H Online Manager can confirm or change the email address in your family profile. If you change the email in your family account you will need to reset your password before logging in.

Remember: Your family profile must be associated with a valid email address. This will be your log-in and you will receive 4-H Online communications at this address. It is also the email address where a password reset will be sent.

Once you have logged in to your family profile, you may review the Member List, add new family Members, and complete 4-H enrollment and registration actions. See page 5 for instructions on adding a new family member to your profile.

There are separate guides for youth enrollment, adult enrollment, and event registration. You can find these guides on the Maryland 4-H website.

Creating a NEW Family Profile

ARE YOU NEW TO 4-H

Only families participating in Ohio 4-H for the first time should create a NEW family profile. Once created, family profiles are permanent. If you already have a 4-H online family profile **DO NOT CREATE A NEW ONE**. Contact your local OSU Extension office for assistance if you are not sure whether you have a family profile, or if you don't know how to access it .

To create a NEW family profile in 4-H online, follow the steps below:

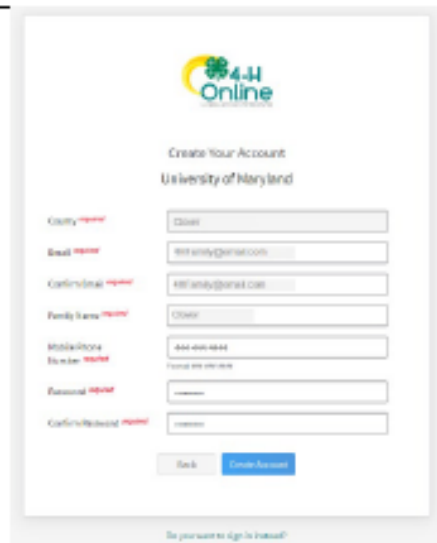

<p>1. Go to http://v2.4honline.com</p> <p>2. Click "Don't have an account?" if you have never enrolled in 4-H before using 4-H Online.</p> <p>Note: Your family profile must be associated with a valid email address. This will be your log-in and you will receive 4-H Online communications at this address. It will also be the email address where a password reset will be sent if needed.</p> <p>The email address you provide can only be associated with one family profile. If 4-H Online does not accept your email address, you may already have a 4-H Online family account. Contact your local 4-H office for assistance.</p>	
<p>3. Select "OHIO" from the drop-down menu</p> <p>4. Select "Ohio State University" for the Institution</p>	
<p>5. Select your county from the drop-down menu. COLUMBIANA COUNTY</p> <p>Note: When selecting your county, you are choosing the 4-H program in which your family will participate.</p> <p>Click "Continue"</p>	

6. Complete your family's information. Required fields are marked in red and must be completed to move to the next screen.

Remember: Your family information must be associated with a valid email address. This will be your log-in and you will receive 4-H communications at this address. It will also be the email where your password reset will be sent, if necessary.

Click the "Create Account" button

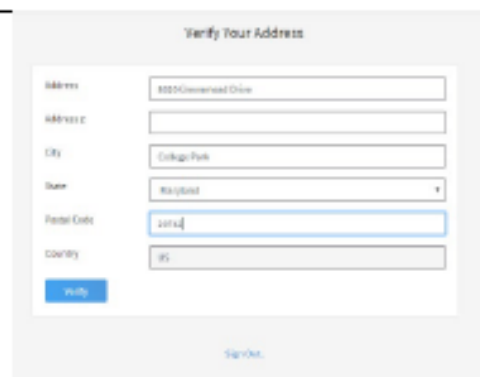

Note: An email account can only be associated with one family profile. If you enter an email address that is already associated with a 4-H Online profile, you will see this message. Click the "Confirm" button and continue to log in to the existing account. See instructions for logging into an existing 4-H Online account on page 2 of this guide.

7. Enter your family's address information and click "Verify." The verification process may require you to select an appropriate USPS format.

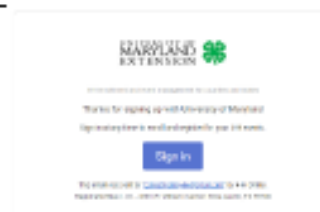

If there is already another record in 4-H Online with a matching address, you may see this Duplicate Address screen:

Use the browser "back" button to return to the previous screen. Double-check the address you entered and try again. Be sure you have included the full USPS address and a unit/apartment number, if that is part of your address. If you receive the Duplicate Address message again, choose an account recovery method and contact your local 4-H office for assistance.

After the address is verified, your family profile has been created! You will receive an email confirming your family profile.

The next screen you see will allow you to add the first member to your family.

Adding a Member to the Family Profile

Family profiles contain individual records for each youth or adult family member who participates in 4-H. These are called Member profiles. When creating a new family profile, you will automatically be asked to add the first member. To add additional family members, click the blue “Add Member” button at the top of the Member List.
